

MSU Error Code Chart

Error Message	Explanation of Error	Steps to Take
Class Not Added: Please review your Registration Checklist for {upcoming semester}	You haven't completed your Registration Checklist	Review and complete your Registration Checklist on the Registration Homepage
Prerequisite and Test Score Error	You do not have the pre-requisite course or ACT score to register for the course	If you don't meet the pre-requisite, you will need to take the course required; if you do meet the pre-requisite, you will need to request a Pre-Requisite Override
Closed - # Waitlisted	The course is full, and # of students are currently on the waitlist	Add yourself to the waitlist or find an alternate section or course
Closed Section	The course is full, and waitlist is not available	Request a Capacity Override
Duplicate Waitlisted Course with #	You can only be on the waitlist for one section of a course	Remove yourself from the current waitlist and add to the new one or find an alternate course
Time Conflict with CRN #	The class overlaps with another on your schedule	Check your schedule to make sure you're not currently enrolled in another course at the same time; find an alternate section of one of the courses that are conflicting
You must drop all connected courses in a transaction	You have to drop both lecture and lab of linked courses at the same time	You must remove both parts of linked lecture/lab before they are off your schedule
Attribute Restriction	This is an Honors section of a course, and you aren't an honors student	Select a non-honors section of the course to add to your schedule
Class Not Added Due to Campus Restriction	The class is not at the same campus where you are a student - ex: you are a Starkville student, and it is a Distance section	Request a Campus Override *please note distance courses have additional fees for Starkville campus students
This is a Linked Lecture/Lab Course; You must add the corresponding lecture/lab section	You have to register for both the lecture and lab of this class - ex: Biology I lecture and Biology I lab must both be on your schedule to add either	You must find a section of the lab to register for and submit both the lecture and lab simultaneously
The Maximum Number of Repeat Attempts for This Course Has Been Reached or Exceeded	You have already taken and passed this course.	Request a Repeat Override
Field of Study Restriction - Major	You do not have the approved major for the course - ex: the course is only for Psychology majors	Request a Major Override
Class Restriction	You aren't classified as the approved standing - ex: you are a freshman and must have junior standing for that class	Confirm your current classification; request a Classification Override
Level Restriction	You aren't classified as the right level - ex: you are trying to register for a graduate level course as an undergraduate student	Contact your advisor; you should only attempt this as part of a Thrive in Five program or with special permission
Duplicate Course with Section #	You are already registered in another section of the course for that semester	Check your schedule to ensure you aren't already enrolled in the course; Drop the current section of the course to register in the new section
